

# *PUSH* for **COMPETITION** TO **LOWER DRUG PRICES**

The lame-duck session is our last chance this year to push for lower drug prices. **Congress has the power to make medications more affordable for all Americans.** Join our campaign to urge lawmakers to pass crucial bills that will curb Big Pharma's anti-competition practices.

Use the sample copy below to amplify our messaging and help us drive engagement online.

## Sample Posts:

- Big Pharma exploits loopholes that block generic competition - using tactics like product hopping & patent thickets to keep drug prices high. Congress has the power to stop this. Lawmakers must pass bipartisan bills that increase competition & lower prices [patientspushforcompetition.org](https://patientspushforcompetition.org)
- The high cost of Rx drugs is forcing patients to choose between life-saving medications and basic necessities. Big Pharma's manipulation of the patent system is to blame. Congress needs to pass reforms that promote competition & lower drug prices for all! [patientspushforcompetition.org](https://patientspushforcompetition.org)
- Patients' lives are at stake because of Big Pharma's anti-competitive patent abuses - using tactics like pay-for-delay deals and patent thickets. Read real patient stories and join the fight for change at [patientspushforcompetition.org](https://patientspushforcompetition.org)
- Big Pharma's abuse of the patent system is harming patients every day. Congress can act now to lower drug prices and protect patients by passing bipartisan laws. Learn how you can help at [patientspushforcompetition.org](https://patientspushforcompetition.org)
